Introducing MyPATH (on the MyBayshoreCare™ app)

Designed to support you on your journey with generalized Myasthenia Gravis (gMG) and your treatment with VYVGART®

Experience these key features:

Effortless Symptom Tracking

Take advantage of the simplicity of our MG Activities of Daily Living (MG-ADL) Assessment Tool, designed for easy symptom tracking.

Informed Treatment Decisions

Your MG-ADL scores are stored in our database, aiding both you and your healthcare team in making informed decisions for your next treatment.

Secure and Private

We understand the sensitivity of your personal health information. Rest assured, we prioritize your privacy and data security, ensuring complete confidentiality and protection.
